at
Coventry Equestrian Center

Evon gives clinics at the Horse World Expo, Equine Affair, Mid West Horse Fair & Equi Fest... and locally

She is going to help teach our horse's to **be calm** using props such as banners, speaker systems, a bouncing ball, a baby carriage ~~~ Evon helps you learn how YOUR horse will react to objects encountered at a show or anywhere.

YOU will gain tools to instill confidence in your horse when uncertain situations arise...

This is a **mounted and un-mounted** clinic!

Riders & horses will work in groups of two or three and/or private sessions.

Clinic starts with a half hour talk on **desensitizing** your horse **without** instilling **fear!**
